Over 6 years of experience as an Assistant Professor in Commerce & Management, where I have honed my skills in teaching undergraduate students.

My academic journey began with a B.Com from KLE's Nijalingappa College, followed by an M.Com from Central College, Bangalore University, and a B.Ed from Bangalore University, reflecting my deep commitment to education.

I pride myself on maintaining a professional appearance, showing unwavering commitment to my profession, and possessing strong communication skills. My ability to identify and address student needs is a cornerstone of my teaching approach. My career objective is to develop professional teaching skills for students of all ages, focusing on work-based learning and delivering quality education.

My academic contributions include co-authoring a textbook on "Indian Financial Services" and publishing several research papers on topics ranging from digitalization in Indian banking to the role of teachers in value-based education. Notably, I have also delved into the field of technology with a patent publication on the implementation of IoT in smart homes using blockchain technology.

I have enriched my knowledge and skills through various Faculty Development Programs, webinars, and seminars, including topics like research methods, intellectual property rights, and professional development tools. These programs have kept me abreast of current educational trends and methodologies.

Beyond academics, I have achieved significant milestones in sports, notably in Netball. I have won medals at State & National level championships representing Karnataka state team and participated in All India Inter-University Netball Championship.

In my journey as an educator, I have also contributed by organizing workshops and seminars, such as those on the Revised NAAC Accreditation framework and Research Methodology, demonstrating my commitment to fostering a collaborative and informed educational community.

I have been invited as a Chief Guest for Independence Day at The New Cambridge High School and Chief Guest for Annual Sports Meet at Vidhya Soudha College.

Overall, my journey is a blend of academic excellence, professional growth, and personal achievements, driven by a passion for education and a commitment to nurturing future generations.
