Integrated Management System Objectives

1. Create and sustain an eco-system supporting learner centric accelerated learning methods and teaching.
2. Promote research culture among staff and learners for the benefit of the society with value added output.
3. Identify sustainable bench marking in teaching, learning and consultancy in all disciplines
4. Support integrated skill development activities.
5. Plan E-Learning, online interactions, digital library and learning management systems.
6. Plan and communicate a unified concept of vision and mission.
7. Develop planned approach for the activities leading to enhanced social responsibility among learners and Surana College staff.
8. Strengthen institutional structure that promote creativity for all core programs through incubation and innovation cell.
9. Encourage learners for all-round personality development and participation in curricular, cocurricular and extracurricular activities in forums, sports, NSS, NCC, Red Cross, Cultural and NGO activities.
10. Plan to provide dynamic, healthy, mentally emotionally balanced quality learning beneficial for building society and nation.
11. Review students and parents' feedback to enhance relationship and EOMS effectiveness
12. Resolve complaints from interested parties and plan appropriate corrective action
13. Comply with all environmental regulations
14. Train all personnel on need to follow environmental practices
15. Reduce use of energy
16. Reduce waste, encourage recycling.
