

# **International Conference on Innovative Sustainable Solutions for a Resilient and Equitable Future (ISURE 2025)**

Date: May 9-10, 2025

## **Overview:**

A multi-day international conference bringing together researchers, academics, and practitioners to present and discuss innovative and sustainable solutions for global challenges.

## **Outcome:**

Facilitated knowledge exchange, promoted interdisciplinary collaboration, and contributed to the development of new ideas and strategies for building a more resilient and equitable future.
